## JAKE'S VISION: STOP THE BUDGETARY GAMES AND CONTROL SPENDING

Jake has a fiscally conservative plan to keep spending in Texas under control. Jake will:

★ **Support Zero-Based Budgeting:**

Too often state agencies are only asked to justify spending increases. **Jake wants them to justify every dime they spend, starting at zero.**

★ **End Budgetary Games:**

Jake will fight the Austin budgetary shell games that lead to more spending. **If a fee is collected for a specific purpose, it should be spent on that purpose or returned to Texans.** The current practice of spending dedicated fees on general government needs to stop. Jake will see to it.

★ **Limit Budget Growth:**

While Texas is the fastest growing state in the nation, the budget doesn't need to increase faster than inflation and population growth. Jake will support a constitutional amendment to limit spending growth to the combination of inflation and population growth, and no more. No loopholes.

★ **Cut Taxes:**

With billions sitting in the Rainy Day Fund, Jake believes the state has over-charged taxpayers and will work to eliminate the school property tax. Taxpayers should get some of their money back. **After all, it's your money!**
